We are pleased to invite you to attend the Spring Conference of the American Academy of Pediatrics, Maine Chapter (MAAP) on May 1 & 2: ***Things You Need to Know Tomorrow to Take Care of Neonates*** to be held at Sunday River in Bethel, Maine.

As you know, pediatricians, family physicians, and nurse practitioners from across Maine gather at our educational conferences to develop professionally and network. This spring, with the beautiful Androscoggin River valley and the Mahoosuc Mountains in the background, we are anticipating a full attendance. Healthcare providers will have the opportunity to learn about the future of genetics, controversies surrounding the management of newborns, and to participate in case studies, in addition to enjoying a swim or hike. Please see the enclosed DRAFT agenda for opportunities for our audience to visit your exhibits.

To secure an exhibit space, please complete the enclosed exhibit registration form and return it with payment to the address provided on the form (online registration is preferred!). Please register to exhibit by March 26th.

As updates are made to the enclosed draft agenda, they will be posted on our website at www.maineaap.org. You can also download a copy of this information at the website. If you have any questions regarding this letter or would like more information regarding the conference space or agenda, please do not hesitate to contact our Executive Director, Aubrie Entwood, at (207) 782-0856 or email agridleyentwood@aap.net.

We look forward to seeing you in May! Thank you for your interest and support.

Sincerely,

A handwritten signature in black ink that reads "Jonathan Fanburg MD, MPH".

Jonathan Fanburg, MD MPH FAAP
President
