

# IT'S ABOUT:

**Safe schools are our community responsibility  
- let's work together.**

We are asking all Mainers to take the following steps to keep children safe as schools reopen:

- Make sure family members are up to date on vaccinations – contact your health care provider – and plan to get a flu shot this year.
- Learn about your school district's Return to the Classroom Policies and review as a family.
- Educate children about proper handwashing, use of hand sanitizer, fitting/wearing a mask or face covering and physical distancing.
- Stay home if you are sick so you don't risk infecting others.

**Following these simple guidelines is the best way to reduce the incidence of COVID-19 and protect the people we love.**

**We are all in this together!  
Keep ME safe!**
