Maine Confidentiality Law

- 22 M.R.S.A. §1711-C:
 - Makes health care information confidential and prohibits unauthorized disclosure
 - Requires policies, standards & procedures to protect the confidentiality, security & integrity of health care information
 - Requires an authorization from patient for releases of information (with exceptions in law)
 - Imposes penalties for violations

What is **P**rotected **H**ealth **I**nformation (PHI)?

- All individually-identifiable health information transmitted or maintained in any medium
 - Health information: information related to past, present or future health condition of, treatment of, or payment for treatment of, an individual

Maine Medical Association 30 Association Drive, PO Box 190 Manchester, MF 04351, ph 207 622 3374 fay 207 622 3332, www.mainemed.com

The Health Insurance Portability and Accountability Act

- Establishes rules for privacy, security, and electronic transmission of data.
- Sets boundaries on the way providers use and release protected health information (PHI);
- Establishes safeguards that we must achieve to protect the privacy of PHI;
- Provides for adverse consequences including fines and jail sentences for failure to comply.

Some "Health" Records are Not PHI under HIPAA

- School records are education records under FERPA, not health records
- Schools not considered "covered entities" under HIPAA unless they employ a health care provider that conducts one or more covered transactions (i.e., billing a health plan) electronically

HIPAA

Uses & Disclosures of PHI

- · Required disclosures
- · Permitted disclosures
- Disclosures for which there is an opportunity to agree or object
- Other permitted disclosures: authorized by other laws, no consent or opportunity required

Limits on HIPAA or Maine Right to Access Records

- Maine law allows exclusion of "personal notes" not directly related to the patient's past or future treatment
- Maine law allows for release of information to "authorized representative" instead of patient, if release to the patient would be "detrimental to the health of the patient"
- HIPAA requires detailed description of how an individual can request a review of denial
