# Exploring Unique Experiences

A youth peer support group open to  
folks 18-26

**When: Tuesdays 4-5pm**  
**starting on May 4th, 2021**

**Where: <http://bit.ly/zoomEUE>**

**About this group:** This is an opportunity to give and receive support from others. This group welcomes sharing about experiences that are sometimes hard to talk about such as confusing or extreme thoughts/beliefs, thoughts of suicide, hearing voices, or seeing visions. In this group we invite perspectives that might be different from the traditional model found in many treatment programs. Two peer support partners will facilitate the group, both of whom identify with having personally struggled with some of these experiences.
