Partnerships in Pediatrics Conference  
Tuesday, April 9, 2024 / 12-5p  
Conference Rooms 2 & 3, MaineGeneral Medical Center - Augusta  

12-12:50p  Lunch, registration, packet pick-up  

12:50-1p  Welcome and Introductions, Lorraine McElwain, MD, BBCH/Maine Medical Center  

1-1:30p  Lead Poisoning – the basics – Margaret Bordeau, DO, SMHC Pediatrics  
1. Review of the basics in lead poisoning and symptoms  
2. Effects of lead poisoning in children  

1:30-2:00p  Constipation – Julia Fritz, MD, Pediatric Specialty Care, GI  
1. Review the common causes of constipation.  
2. Know when to refer for constipation patients.  

2:00-2:30p  Heart Murmurs – Jon Donnelly, MD, MMP Congenital Heart  
1. What are the physical findings in the neonatal examination that should raise your suspicion that a murmur may require referral.  
2. What other parts of the encounter are important in determining the significance of a murmur heard on exam?  
3. What makes the referral "emergent."  

2:30-3:00p  Snack/Beverage Break  

3:00-3:30p  Lead Testing / Screening – Margaret Bordeau, DO, SMHC Pediatrics  
1. Understand what a blood lead result actually means and what the response to any elevated level should be.  
2. Understand who to test for lead.  

3:30-4:00p  Functional Abdominal Pain – Julia Fritz, MD, Pediatric Specialty Care, GI  
1. Review the signs and symptoms of functional abdominal pain  
2. Identify the causes of functional abdominal pain and treatment  

4:00-4:30p  Syncope – Jon Donnelly, MD, MMP Congenital Heart  
1. It is all about the story: How to obtain it.  
2. Understand what diagnoses you are trying to not miss.  

4:30-5:00p  Conference ends with questions, comments, and feedback/evaluations, and networking  

∞ Up to 3 CME/CEU credits provided ∞
