

CWF “One-pagers” (state fact sheets and others)

This list is provided to offer examples of public-facing or consumer-oriented approaches to short fact and information sheets that may be useful to State Oral Health Programs and partners in developing new materials or revising existing resources. Additions may be made from time to time. Other examples, such as state webpage information, may be found by searching state program websites.

Organization Fact/Information sheets

- **American Academy of Pediatrics, Campaign for Dental Health**

Fluoride in Drinking Water: Answers to Common Questions About Drinking Water and Fluoride

Two pages and 13 frequently asked questions, with short answers and links.

<https://s14703.pcdn.co/wp-content/uploads/2016/04/DrinkingWaterFAQ2016.pdf>

- **American Dental Association, Action for Dental Health**

All About Fluoride – for dental providers for background, advocacy and more information

https://www.ada.org/-/media/project/ada-organization/ada/ada-org/files/community-initiatives/2022_ada_adh_all_about_fluoride.pdf?rev=d24af5b913ae44658e3941f6c44c65e6&hash=6C3EF965D2C0255DDE51EBA51DCC87BA

- **Centers for Disease Control**

This undated fact sheet provides bulleted points on CWF and its safety, effectiveness, impact on reducing disparities and cost-savings, status as a public health achievement, and international use.
