An Overview of the Office of Child and Family Services for Medical Providers

Adrienne W. Carmack, MD Medical Director, OCFS August 18, 2022

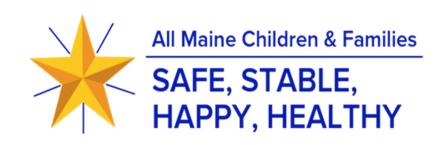

Conflicts of Interest

I have no financial disclosures

Text Attendance code for CME: 24680

- 1. Provide an overview of the Office of Child and Family Services structure and purpose
- 2. Familiarize the audience with services that are available for Maine children and families through OCFS
- 3. Provide resources for medical providers to access further information and ongoing learning opportunities to help Maine children and families to be safe, stable, happy and healthy

Department of Health and Human Services (DHHS)

OCFS Service Areas

OCFS Director Todd Landry oversees four service areas of OCFS

Child Welfare Services

Associate Director: Bobbi Johnson

Seeks safety, wellbeing and permanent homes for children, working with professionalism and respecting the dignity of all families. Child abuse reports are investigated on behalf of Maine communities, working to keep children safe and to guide families in creating safe homes for children.

Children's Behavioral Health Services

Associate Director: Elissa Wynne

The Child Development and Behavioral Health Services Team supports the families of Maine and their children in accessing high-quality early childhood education and behavioral health services in their homes, schools and communities.

Early Care and Education

Associate Director: Elissa Wynne

Oversees the Child Care team manages the Child Care Subsidy Program that helps eligible families pay for child care so they can work, go to school, or participate in a job training program.

Children's Licensing and Investigation

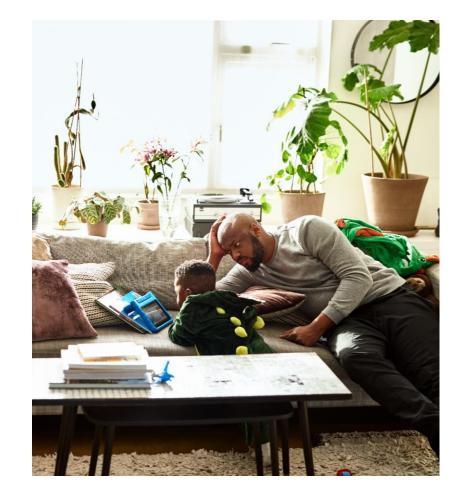

Janet Whitten, Program Manager

This specialized team licenses, monitors and investigates child care programs, children's residential facilities, child placing agencies, emergency shelters, and homeless shelters for youth. This program conducts child abuse and neglect investigations in a wide variety of out of home settings subject to licensure.

Office of Child and Family Services (OCFS)

- Supports Maine's children and their families by providing Children's Early Care and Education, Behavioral Health, & Child Welfare Services.
- Seeks safety, well-being and permanent homes for children, working with professionalism and respecting the dignity of all families.
- Is committed to early intervention and prevention programs to support and assist families before challenges develop.

Children's Early Care and Education

Childcare Subsidy Program (CCSP)

The Child Care Subsidy Program lets families choose a childcare provider they trust, at an affordable or no cost.

CCSP helps eligible families to pay for childcare so parents can work, go to school, or participate in a job training program.

CCSP is also available for eligible families where the adult(s) are retired and are the legal guardian of a child.

Eligibility Requirements:

- Parent/guardian must be employed, in school or job training, or retired
- Family must meet income requirements (at or below 85% of the Maine median income)
- For a family of 4, income eligibility requirements are at or below \$84,076.90 a year!

Child Care Unit

Child Care Subsidy helps eligible families to pay for child care so parents can work, go to school, or participate in a job training program. CCSP is also available for eligible families where the adult(s) are retired and are the legal guardian of a child. Families must be financially and programmatically eligible.

Information for Families:

https://www.maine.gov/dhhs/ocfs/support-for-families/child-care/paying-for-child-care/

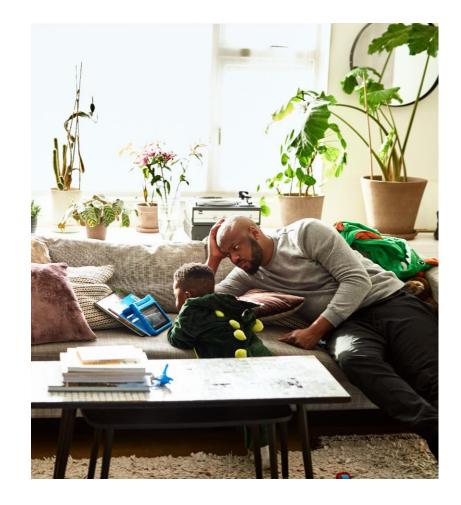

There are 3 ways to apply:

- Print, complete, and return the application by mail
- Call OCFS 1-877-680-5866 or (207) 624-7999 Monday-Friday, 8:00am-5:00pm
- Visit your local DHHS office to receive a printed application. <u>Find your local DHHS office</u> or call 1-877-680-5866 or (207) 624-7999.

How do families find a Licensed Child Care Provider?

- <u>https://www.childcarechoices.me/</u> is a resource for families to search for child care by location, provider type, quality rating, and if the provider accepts CCSP.
- The site also provides Child Care Licensing Inspection Reports.

Children's Behavioral Health

Children's Behavioral Health System of Care

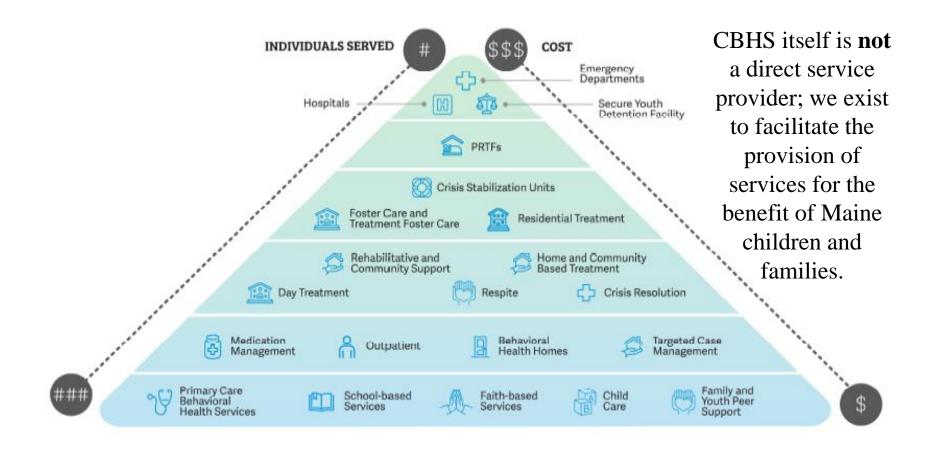

OCFS is invested in ensuring Maine families have access to community-based services for children, youth, and young adults with mental, emotional, and behavioral health needs that are:

- Coordinated across systems;
- Individualized to a family's unique needs, strengths, and culture; and builds upon their strengths;
- Youth and family guided and empower families as the primary decision makers in the care of their children;
- Trauma Responsive

Children's Behavioral Health Services (CBHS)

The continuum of care that CBHS facilitates, vets, and provides governance on is represented below:

Maine Children's Behavioral Health Services VISION

All Maine children and their families receive the services and supports they need to live safe, healthy, and productive lives in their home, school, and community.

Guiding Principles	Strategies	ງ ເ _{ເຊດ} ີ Outcomes
Broad and Equitable Access	SHORT TERM (2019 - 2022)	
Early Intervention	Hire full-time, on-site OCFS Medical Director Align residential services to best practices and federal quality standards	Family engagement,
Individualized Services	 Explore options to amend current service definition for Section 28 Clarify CBHS roles, responsibilities, procedures, policies, and practices 	empowerment, and well-being
Culturally Sensitive, Trauma-Informed Engagement	LONG TERM (2019 - 2025)	
Coordinated and Integrated Services	 Establish one or more Psychiatric Residential Treatment Facilities Address shortages in the behavioral health care workforce 	The right service at the right time for the right duration
Effective Evidence-Informed Practices	 Improve CBHS crisis services Expand the use of evidence-based models and evidence-informed interventions 	
east Restrictive Service & Setting	 Enhance skills of early childhood workforce to address challenging behaviors Explore a statewide or regional "single point of access" 	Families and children safely
Engaged and Empowered Families	 Revise the waitlist process Improve coordination for transition-aged-youth behavioral health services 	stay together in their homes and communities
Quality Assurance and Accountability	 Facilitate access to services that can help families support children with behavioral health needs 	

Strategies that are italicized are complete

Updated December 2021 Next update: December 2022

*Changes since the last update include completing "Align residential services to best practices and federal quality standards", and moving "Facilitate access to services that can help families support children with behavioral health needs" and "Establish one or more Psychiatric Residential Treatment Facilities" from short-term to long-term.

Ongoing CBHS Initiatives

- Federal System of Care Grant
- Crisis Grant and Aftercare Pilot
- Early Childhood Consultation Partnership (ECCP®)
- Help Me Grow
- Hi-Fidelity Wraparound
- Psychiatric Residential Treatment Facility update of rates and rules in partnership with MaineCare
- Youth transitioning to adulthood
- Youth SUD Services
- Rate Studies for Children's Behavioral Health Services (HCT, RCS, PRTF, TCM, BHH, Crisis, Outpatient)

EmpowerME - System of Care Grant

In June 2020 OCFS was awarded a 4-year, federal SAMHSA grant to improve behavioral health services available for children and youth in their home and communities, particularly those on the HCT waitlist.

Program Goals:

- Expand the SOC in Maine through infrastructure development that supports SOC principles, clinical coordination, family engagement, data access, and quality improvement/ assurance.
- Expand the CBHS SOC in rural areas through improved service delivery to youth with SED and families, including implementation of a standardized psychosocial needs assessment process for youth; standardized data collection by providers on youth needs, strengths and functioning;
- Prepare for CBHS SOC sustainability by creating permanent infrastructure in state and local systems to support long-term access to treatment for children in their communities.
- The SOC team has been instrumental in creating family-friendly tools to help navigate CBHS services as well as to expand access to provider trainings on evidence-based practices to support workforce development

FREE. CONFIDENTIAL. AVAILABLE 24/7.

- <u>What It Is:</u> Trained behavioral health professionals who provide support and consultation to Mainers experiencing immediate mental health crisis either in person or by phone. Statewide Mobile Crisis Services are available 24/7 via the hotline providing immediate, crisis-oriented support, triage, and assessment and follow up focused on the immediate stabilization of the crisis.
- <u>Who Is Eligible</u>: All Mainers experiencing a mental health crisis and are in need of supportive de-escalation, stabilization, suicide prevention, and connection to ongoing care as needed. They may be an immediate risk to themselves or others.
- <u>How To Access It:</u> Call the statewide crisis hotline at 1-888-568-1112

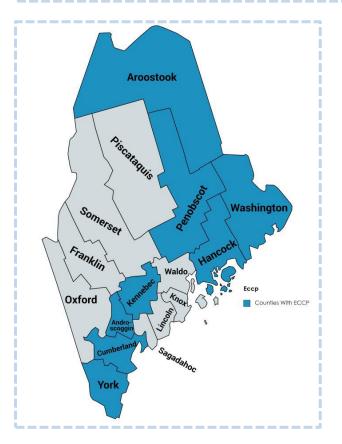

Maine Early Childhood Consultation Partnership ECCP®

Helping Relationships Grow

Early Childhood Consultation Project (ECCP)

ECCP® is a **time-limited**, intensive service that helps **childcare providers**, **educators**, **and caregivers** of young children build understanding and skills to respond to the socialemotional needs of children.

Mental health consultants work directly with caregivers and educators to identify and implement strategies to support children's emotional wellbeing and effectively manage challenging behavior that may jeopardize a child's ability to attend an early childhood program or educational setting.

Core Classroom& Child-Specific Services offered

Open to **any** eligible child, 100% state-funded service

- Children 0-8 years
- Enrolled in childcare center, family childcare, or public Pre-K
- Social-emotional issues, behavioral concerns, and/or normal developmental challenges
- Child maybe at risk of suspension and/or expulsion from childcare program
- Childcare provider AND parent/guardian agree to participate
- Not formally diagnosed with MH or ID/DD concern, not receiving concurrent MH or ID/DD services (OP, Sect 28, HCT)

Maine ECCP[®] Service Model

Child Specific Service

- Supports an **individual** child ages 0-8 with social-emotional concerns
- Up to nine hours of consultation
- Classroom and home observations
- Available in centers, family child care programs, public Pre-Ks, public schools, and afterschool programs.

Core Classroom Service

- Supports the socialemotional environment of the classroom
- Up to three hours of consultation per week for 12 weeks
- Available in centers and public pre-K's

Family Child Care Provider Service

- Supports the socialemotional climate of the program
- Up to **two hours** of consultation per week for nine weeks
- Classroom/program observations
- Available to licensed Family Child Care **Providers**

FCCP®

Early Childhood Consultation Partnership

Help Me Grow Maine

- Help Me Grow Maine will begin serving children and families in the **Summer of 2022**.

Maine Department of Health and Human Services

Help Me Grow Maine

A Solution to Help Young Children Shine

Help Me Grow is a system model with a central access point that is designed to connect families to information and services about child development and community resources.

In partnership with 2-1-1 Maine, any parent and/or provider will be able to contact Help Me Grow for additional support as Help Me Grow will listen, link you to services, and provide ongoing support.

> HMG Maine is an affiliate of the National Help Me Grow Network

Melp Me Grow National Center

Centralized Access Point

Assist families and professionals in connecting children to the grid of community resources that help them thrive.

Resources

Help Me Grow builds an effective grid of connected service providers that best serves families within the state of Maine.

Developmental Screening

Maine utilizes the Ages & Stages Questionnaire (ASQ-3) to assess a child's communication, motor skills, problem solving, and personal social skills.

Eligibility

A free universal service available to all children, prenatal to eight years of age.

Help Me Grow!

Help Me Grow works to ensure equitable access to resources in a timely fashion.

Centralized Access Point

For connecting children and families to services and care coordination, for 0-8 years. •Specialized child development line •Linkage & follow up •Researching resources •Current directory Child Health and Childcare Outreach

Support early detection and intervention through:

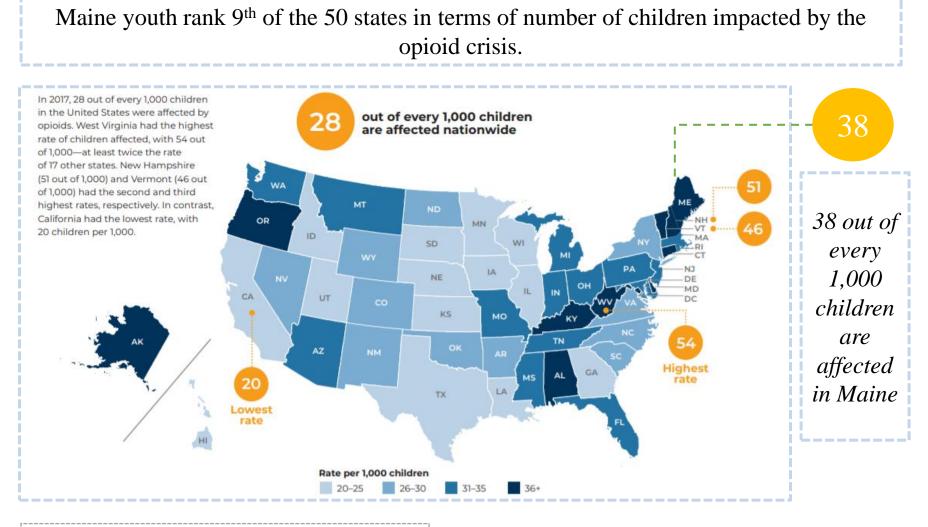

•ASQ-3 Online •Training on Developmental Milestones and Screening •Closing the feedback loop Family and Community Outreach

Promotes use of HMG and developmental milestones and facilitate networking for families and service providers through: •Communication materials •Community presentations •Engaged community partners

Data Collection and Analysis

Supports understand all aspects of the *HMG* system, including gaps in and barriers to services through: •Data Monitoring •Continuous Quality Improvement •Annual Evaluation of family, program and system level performance

Youth Substance Use Disorder

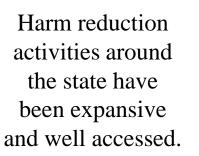

Source: United Health Fund 2019 Ripple Effect Report

Youth SUD Services

OCFS is working to expand access to high quality treatment for adolescents with SUD across the continuum of care.

In 2021, **132,422 doses of naloxone were** distributed.

Adolescent MOUD Project
Echo, a part of the
Maine SUD
Learning
Community,
began May 4,
2022 with 9
participating
practices.

OCFS and OMS worked to identify nine Opioid Health Home programs, among other practices, open to treating adolescents with OUD using medication.

OCFS is developing a resource guide for prescribers to treat adolescents with MOUD. OCFS also updated the Maine AAP Service locator tool to reflect all available treatment options.

Youth Substance Use Disorder

OCFS is working in partnership with the OBH and the Co-Occurring Collaborative Serving Maine to bring the SUD Learning Community to providers.

The ECHO takes place on the first Wednesday of each month at 12pm. If interested- contact adrienne.w.carmack @maine.gov Project ECHO on Adolescent MOUD: Learning objectives:

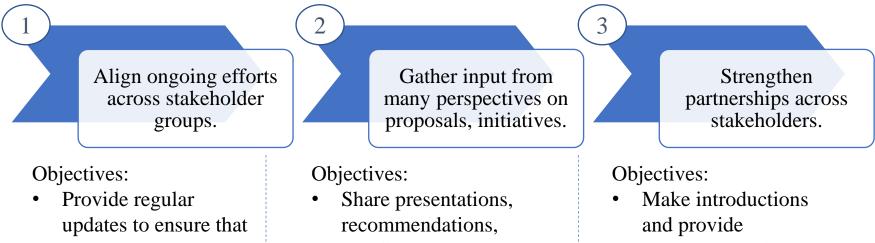

- Bolster skills to appropriately identify and treat SUDs within adolescent populations including specialty populations of adolescent girls and LBGTQ+ populations;
- Build competencies to deliver trauma-informed SUD/MAT care from screening to navigating consent and confidentiality to treatment;
- Strengthen confidence to deliver integrated MAT services in the adolescent population; and
- Expand understanding of harm reduction practices in the adolescent population.

Faculty:

- Eric Harm, LADC, Haram Consulting, LLC
- Amy West, FNP, PCHC, Bridge Clinic
- Jonathan Fanburg, MD, MaineHealth
- Ben Strick, LCSW, Spurwink
- Faculty from Boston Children's ASAP clinic

Youth Substance Use Disorder

OCFS coordinates a quarterly stakeholder group of 75+ individuals working on Youth SUD from various communities including medical professionals, behavioral health providers, advocates, legislators, and teachers.

- all parties are aware of ongoing efforts.
- Enable stakeholders to align ongoing efforts.

and findings on Youth SUD material.

Seek feedback to inform next steps, future planning, etc.

- opportunities for collaboration across various stakeholder groups.
- Provide contact information wherever possible.

Individuals interested in joining should email Adrienne Carmack-Adrienne.w.carmack@maine.gov

Youth Peer Support Statewide Network

Youth Peer Support Statewide Network now accepting referrals for youth peer support!

Maine Behavioral Healthcare was awarded a new contract with the State of Maine to develop a Youth Peer Support Statewide Network (YPSSN). This program offers anyone in the state of Maine who is between the ages of 14 and 26 access to a variety of peer support opportunities. The contract officially began in February of this year and we are already offering a number of activities for Maine's youth and young adults who are struggling or have struggled with their mental health, which may include substance use. There is no insurance needed, no diagnosis required, and no cost.

The YPSSN has youth peer support staff in Portland, Lewiston and Bangor primarily. We also will have staff in Piscataquis, Aroostook, and Penobscot Counties offering support to youth and young adults on waitlists for behavioral health services. Again, this is a statewide program, so youth and young adults from across Maine can access virtual and in-person activities.

Resource Locator

Click on your county in the map. Local, state, and national resources will be shown.

Maine Pediatric and Behavioral Health Partnership (MPBHP)

MPBHP is Maine's Child Psychiatry Access Program offering psychiatric consultation to Primary Care Practices

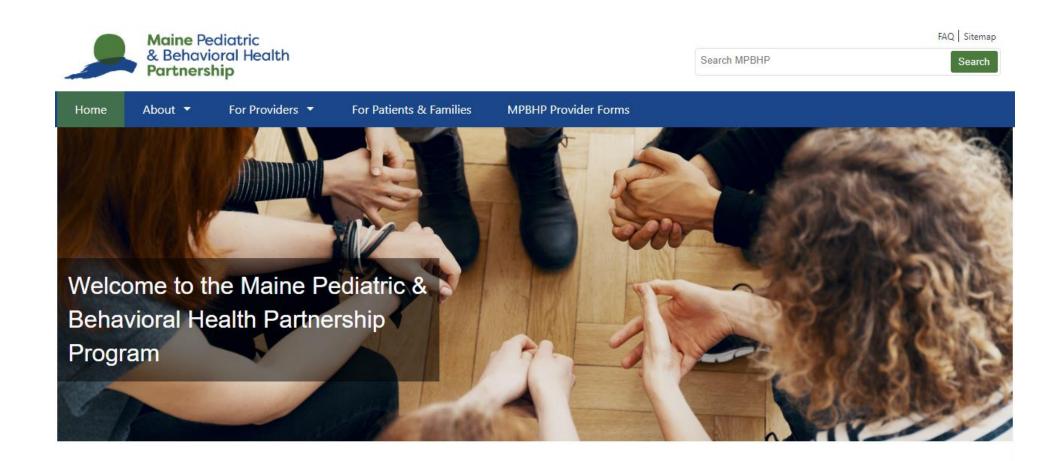

bhpartnersforme.org

Mission: To educate, support and empower pediatric care providers through training and ongoing web-based and telephonic peer-to-peer consultations with behavioral health providers.

Vision: To foster enhanced children's behavioral health throughout Maine, especially in rural and medically underserved areas.

Program Goals:

- Increased timely detection, assessment, treatment and referral of children with BH issues in pediatric care settings
- Increased access to BH expertise for pediatric care providers, especially those from rural & medically underserved areas
- Sustained approach to effectively educating, recruiting, collaborating, and reimbursing partnerships between pediatric care and BH consultants
- Access to behavioral health providers, staff, and care coordinators increases collaboration and communication about medication management, common behavioral health disorders, and resources through asynchronous consultations.

bhpartnersforme.org

Child Welfare Services

- -Child safety, first and foremost.
- -Parents have the right and responsibility to raise their own children.
- -Children are entitled to live in a safe and nurturing family.
- -All children deserve a permanent family.
- -How we do our work is as important as the work we do.

Child Welfare Visioning and Strategic Planning

Maine Office of Child and Family Services Focus on Outcomes

In July 2019, Maine's Office of Child and Family Services (OCFS) partnered with Casey Family Programs to map the **major initiatives and strategies** currently underway in Maine. This mapping was designed to help executive leadership and regional staff **evaluate which strategies were working to produce outcomes and areas where duplication of effort or inefficiencies might exist.** As a result of this work, OCFS **streamlined their approach and prioritized strategies** as shown below in the strategic framework.

Mission

Child and Family Services joins with families and the community to promote long-term safety, well-being and permanent families for children.

Strategic Framework

In order to achieve their mission, Child and Family Services uses guiding principles as a foundation to employ strategies that lead to improved outcomes for children and families. The strategies listed below were prioritized by executive leadership and regional staff.

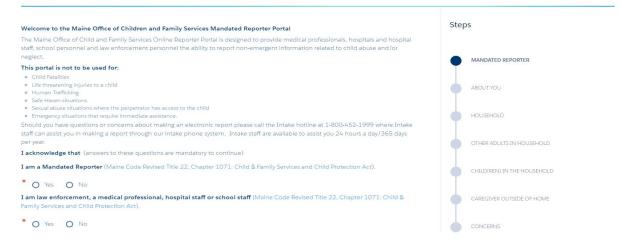

Â	C ^G	ဂိုရာ
Guiding Principles	Strategies	Outcomes
 Child Safety, First and Foremost Parents have the Right and Responsibility to Raise their Own Children Children are Entitled to Live in a Safe and Nurturing Family All Children Deserve a Permanent Family How We Do Our Work is as Important as the Work We Do 	Safety >Address Intake processes and improve staffing >Re-assess the Alternative Response Program >Enhance Assessment Processes Permanency >Develop a Permanency Review Process >Monitor the Family Visit Coaching pilot to develop best practices >Improve SDM tool consistency Well-Being >Develop family engagement tools and training >Improve resource parent outreach and support Staff Training and Support >Develop policy and training plan for new processes and tools >Establish workforce wellness teams and education >Update caseload size, standards, and ratios >Procure MACWIS replacement	Safety for children through timely response and thoroughly assessing and addressing safety and risk issues Improved timeliness to permanency Enhanced well-being of children through identification of individual needs and engagement with formal and informal supports. Strengthened child welfare practice through improved engagement with families and children.

Maine Department of Health and Human Services **To report child abuse or neglect Child Protection Hotline - 1-800-452-1999**

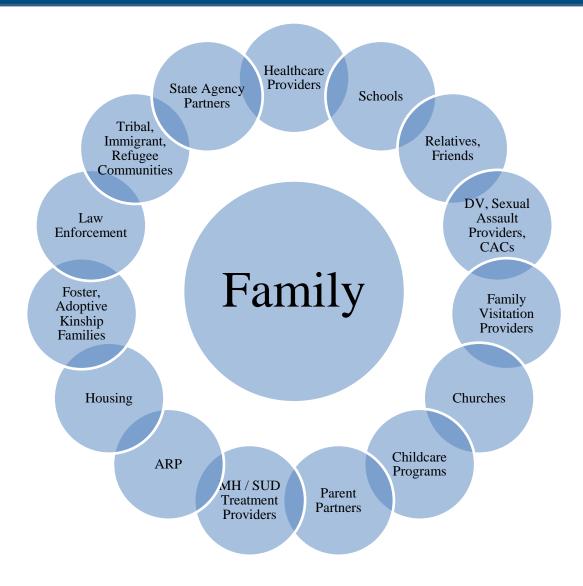

Mandated reporters (medical professional, hospital staff, school personnel, and law enforcement personnel) can report non-emergency information related to child abuse and/or neglect online using <u>Katahdin</u>.

I acknowledge I have participated in the development of this Plan of Safe Care (POSC), I have a copy of the POSC, and I will share the POSC with my infant's primary care provider. I permit the healthcare provider and/or the staff of the healthcare entity that participated in developing this POSC to share the POSC with CradleME providers and DHHS, including Public Health Nursing. I am consenting to the sharing of this plan as it will benefit my infant, myself and my family if we follow through with the services and supports outlined in the POSC. I may also sign an additional authorization for release of my personal health information to permit sharing with other providers for the benefit of my infant, myself and my family.

Family First Prevention Services

Maine Department of Health and Human Services

What is Family First?

The Family First Prevention Services Act (FFPSA) is a federal law signed in 2018 that is designed to *keep children safe, strengthen families, & reduce the need for foster care* whenever it is safe to do so.

https://www.maine.gov/dhhs/ocfs/data-reports-initiatives/system-improvementsinitiatives/families-first-prevention-act

Provides Title IV-E federal funding to states for **evidenced-based prevention services** for families to prevent the need for foster care.

Establishes new standards of care and practice for <u>youth residential treatment services</u> that must be followed for states to receive Title-IV-E funds for placement

Vision: To *keep children safe*, *strengthen families*, & *reduce the need for foster care* whenever it is safe to do so.

Maine Department of Health and Human Services
